

**6th International Scientific Congress
“Globalistics-2020”: “Global issues and future of humankind”**

INFORMATION LETTER

The 6th International Scientific Congress “Globalistics-2020”: “Global issues and future of humankind” will be held on May 18-23, 2020 at the Lomonosov Moscow State University traditionally organizing and hosting the Congresses “Globalistics” since 2009.

2020 is a year of the 265th anniversary of the founding of Moscow University, the 75th anniversary of the foundation of the United Nations and the 15th anniversary of the Faculty of Global Studies.

The Congress is a main platform for interdisciplinary dialogue in the field of science and education, formation and strengthening ties between scientists from all over the world. The focus area of the Congress is the study of global issues and the future of humanity. Russian and foreign scientists, researchers, professors and students whose research interests relate to the study of global issues and international relations are invited to participate in the Congress. To participate in the Congress you must fill in the electronic application form (<https://www.globalistika.ru/2020?lang=en>).

Participation in the Congress is free of charge and does not require any registration fee. Participants bear their own expenses for arrival and accommodation. **Application forms and abstracts are accepted until March, 30.**

Participants can submit scientific articles that will be published in the electronic book and will be placed in the Scientific Electronic Library eLIBRARY and Russian Science Citation Index database (see requirements for submitting in Annex 1). **The Organizing Committee checks the articles in the anti-plagiarism system and sets the minimum of originality for papers at 80%.** In case of non-compliance with this paragraph of the regulations, the **Organizing Committee reserves the right not to accept the article** for publication in the electronic book.

Articles are accepted until April, 19, so that participants be able to receive electronic materials on the first day of registration. Participants must send articles to the e-mail: conference@fgp.msu.ru

Chairman of the Congress Program Committee:

Academician V.A. Sadovnichy – Rector of Lomonosov Moscow State University

Next, a single interval centered printed name, font size 12, capital letters, bold.

ARTICLE TITLE

Acknowledgment is in italics on the right.

- * after one empty line-the word "annotation", then after a period, with a capital letter-the text of the annotation. Annotation size - from 100 to 500 characters;
- on the next line – the phrase "Keywords", then after the period, capitalized keywords separated by commas. The number of keywords and phrases is 4-5;
- single - spaced text is followed by single-spaced text.
- * footnotes are used only for comments, but not for references to literature (if applicable, only page-by-page, not end-by-end);
- * Tables and diagrams should be generalized research materials. Drawings should be clear and easy to reproduce. Names and numbers of figures should be specified

under figures, names and numbers of tables-above tables. If the article contains one figure or one table, they are not numbered, and the words "figure" or "table" are specified. Tables, figures and formulas should not go beyond the specified fields. All figures and tables should be referenced in the text of the article.

* Not allowed: page numbering; use in the text of page breaks (sections), the use of automatic numbering; the use of sparse or compacted letter spacing.

* The list of references is obligatory. It is issued in full accordance with GOST. References to all items of the list of references are required in the text of the article. References to the relevant source of the list of references should be made in the text in square brackets (for example: [1, P. 233] or [2]). If a reference to literature is placed at the end of a sentence or part of it, a punctuation mark is placed after the reference (for example: "Text [4].»)
